Four of Them Await Governor Barnes' Return

AND ONE YET TO ARRIVE

List of the Candidates and a Statement of Claim-

Guthrie, O. T., Sept. 29.-Anticipating the return of Governor Barnes to the territory tonight, the capital city is pretty well taken possession of by the several applicants for the receivership of the Enid land office. Despite the talk energettedly eleculated to the effect that Barnes has all he can do to retain his official head," and so on, and so forth, the fact remains clearly, and Indisputably, that not one of the group of anxious applicants now on the ground but what apparants now on the ground but what secretly cherish the hope of securing the Eovernor's indorsement. For an official who has troubles of his own, the governor seems to take them very lightly. Instead of returning tonight, as outlined in a previous dispatch, he will not be home until Sunday night, which he includes in Sunday night, which he in-

dicates in a telegram received today by Private Secretary Wenner, Of the avowed applicants for the re-ceivership, Rick Messal, of Enid; Sena-tor James P. Gandy, of Alva; Lew Sar-gent, of Manchester; C. M. Kieger, of Cond. County, 1985 Grant county, are already here, and the coming of J. W. Clevinger, another Enid candidate, is beralded tonight. Rick Mesand came in yesterday afternoon to attend the funeral of a friend, the late secretary fet, one of the persons recently placed of the grand lodge of the Sons of Her-man. He will await the return of Governor Barnes, whose indersement he has strong hope of securing. Messai already has the promised support of Harry Thompson, which fact is being urged against him by the friends of the other candidates with the expectation of there-by antagonizing the governor, who is not supposed to look with a friendly eye upon the efforts of the spave United State territory. Herry Thompson is not deap ing that he has promised to inforse Mes cal and Mescal says frankly that he will do all he can to swing Garfield county' delogation for Thompson as national del egate, all of which would appear to be a fair political swap.

panic ever witnessed on the floor of the New Orleans cotton exchange occurred today shortly after business opened, and caused, in the midst of the intense excitement, the complete suspension of future business, pending the investigation of what at the moment was assumed to be a conspiracy to swindle the cotton exchanges of the country. The panic was due to an apparent terrific jump in the price of cotton, based on alleged Liverpool advices, and it was roughly estimated that \$170,000 had been lost on local day, the exchange, after receiving legal advice, declared null and void all future ransactions of the day. This action, however, promises to be bitterly contest-ed, and litigation is likely to be the final outcome. Future business here will not be resumed until Monday.

The market at Liverpool opened 3-32d ower on spots and 4-64d lower on deliverles, as compared with yesterday's values and continued without material change for some time. President Krugovernment it was supposed had been received and would be the pivot of tothat the reply had not then arrived. A dispatch from Cape Town cabled to the Associated Press was given the leading place in the afternoon papers. While it was too brimef to give an adequate idea of the Transvaal's attitude, the impression it produced was rather favorable than otherwise.

The crowds began to gather in the vicinity of the foreign office as early as 11 o'clock. The home secretary, Sir Matthew company, as soon as he got wind of the White Ridley, was the first to arrive, at sensational advance, set the wires to 11:15. Mr. A. J. Balfour, first lord of work with messages of inquiry to New the treasury, came down from Scotland, order to permit the brokers to recover Downing street, but perfect order from their shock and enable an investi- maintained. The cabinet adjourned at 3:15 gation to be concluded fixing the blame p. m. The ministers were heartily cheered for the remarkable blundering or the by the walting crowds.

The premier and most of the cabinet ministers returned home after the council. It was said, from Boer sources, that Mr. | Chamberlain's proposals submitted to the cabinet included an indemnity for the cost of sending out troops; the disarmament of the Transvaal forts; the suppression of Dr. Loyd's legation; fudicative and legislative independence for the judges; the equality of the English and Dutch languages, and full and complete admission of the supremacy of British interests throughout South Africa.

An official of the foreign office this evening, told a reporter of the Associated Press that the cabinet, in the absence of the Transvanl's reply, had agreed to draft a dispatch formulating its own proposals which would be communicated to the Transvani government in a few days. Parliament will be called shortly to consider the situation. The government declines to furnish exact information at present re-
